

Dear colleagues,

I ask you all to consider choosing me again as one of your councilors during this cycle. As most of you are aware -- I've been an active NCCEP leader since 2007. I was on the NCCEP BOD for a number of years, was past NCCEP president and have been an ACEP councilor since 2011.

I enjoy the camaraderie and lively discussions -- and now the mentoring of younger NCCEP members. As such, I ask the current NCCEP BOD to consider my re-appointment.

I am still very interested in serving the college and continuing to represent NC emergency physicians. I have been a regular past participant at LAC, CEMC, and ACEP Scientific Assembly. Most recently, I have been representing all of us on the NC MCAC (Medical Care Advisory Committee) and as a CCH (Carolina Complete Health) board member.

Thanks for your consideration of my candidacy.

Best,

Steve
